HVAC Hydroxyl Generator

(IN-DUCT RETRO-FIT)

Designed to easily install at the manifold of the HVAC duct system enabling the Radical unit to disperse Hydroxyl Radicals throughout all areas served by the air conditioning or heating system. The installation takes only minutes, plugs in or can be hard-wired for easy connection and operates simultaneously with the air handling system in your home, office, industrial facility, etc. creating an immune system for your environment.™

Dimensions:	25" x 8" x 12.5"	HVAC2
Weight:	17lbs, 7.7kg	
Duct Cutout:	5" x 22"	
Power:	120-240VAC 50-60Hz 1.0-2.0 Amp.	
Control:	Switch and WiFi	
Material:	Aluminum	
Finish:	Gray powder coat	
Noise Level:	< 10dB...	
Certification:	UL, CE, NOM	
No. of Optics:	2	
Target Air Speed:	1 m/sec, 200 ft/min	
Exposure Time:	< 0.5sec	
Min-Max SF:	1000-2000	

Dimensions:	25" x 8" x 12.5"	HVAC4
Weight:	18lbs, 8.1kg	
Duct Cutout:	5" x 22"	
Power:	120-240VAC 50-60Hz 1.5-3.0 Amp.	
Control:	Switch and WiFi	
Material:	Aluminum	
Finish:	Gray powder coat	
Noise Level:	< 10dB...	
Certification:	UL, CE, NOM	
No. of Optics:	4	
Target Air Speed:	oom/sec, 200ft/min	
Exposure Time:	< 0.5sec	
Min-Max SF:	1850-4000	

RCS Hydroxyl Generator Systems

RCS Hydroxyl Generator Systems are designed to neutralize and destroy virus everywhere safely and effectively.

Purify-Sanitize the Air We Breathe

NEUTRALIZES UP TO

99.9999%
of Tested Virus

Corona Virus
TESTED

HELPS
with Asthma
& Allergies

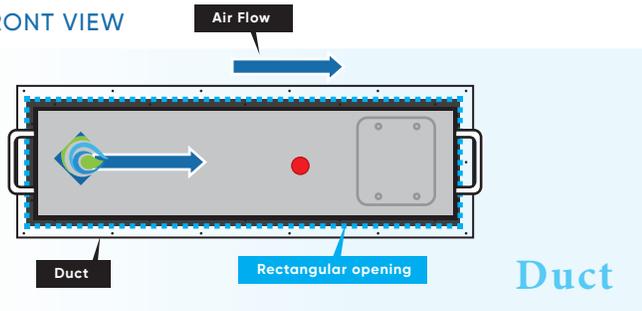

FULL Air & Surface Protection

SAFE for Humans, Pets and Plants

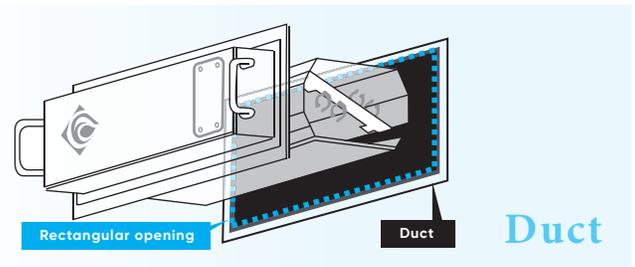

RCS Hydroxyl Generator Systems can be placed in any environment where pristine air is required. At Radical Clean Solutions we develop state of the art technology that is chemical free, safe for people, pets and plants, that attains these goals!
